## Discipleship...

The charity has parted way with our first evangelist at the end of his probation period. We have all learned a lot through this, please pray for Benjamin and his new wife that they will know God's blessing and direction. We are now actively seeking a replacement who will assist us in making disciples so they in turn can become gospel leaders...organic church.

## Evangelism...

We are supporting a church we know well with a mission, by providing funds to bring clean water to 30 family compounds, further assisting in opening the door to the gospel

## Outreach...

We are trying to equip our sister charity in The Gambia, The Grace Charity to reach out and share the gospel as they feel led, they are currently formulating a plan for the first 6 months of the year on where they can be most effective. We have provided funds as well as audio bibles, tracts and bibles.

## Practical Ministry...

Only 9 families failed to pay their child's school fee for the year (£4.51 max), we are working on how we can support them, considering personal interests, skill-sets and how we can enable them to build a future for their future, ensuring hope.

We are currently supporting 2 enterprises with loan funds and are currently considering 2 more loans to assist start up opportunities, both in agriculture. We have many more requests and are trying to be wise in how we recycle funds to be more effective.

**Religion that is pure and undefiled before God the Father is this: to visit orphans and widows in their affliction, and to keep oneself unstained from the world—James 1:27**
